RESILIENCE-INCREASING
STRATEGIES FOR COASTS - TOOLKIT
WWW.RISCKIT.EU

2015/01/08

A new, RISC-KIT related article is published in the Journal of Ocean & Coastal Management

Under the title "Opportunities and constraints for managed retreat on exposed sandy shores: Examples from Emilia-Romagna, Italy" this new paper is providing an evaluation of the managed retreat alternative on a coast where sandy beaches have recreational value, taking under account societal concerns.

2014/11/11

RISC-KIT, in collaboration with PEARL, published Policy Brief on "Disaster Risk Reduction Strategies in EU Coastal Areas"

Read the Policy Brief developed through the collaboration of projects RISC-KIT and PEARL and released in October 2014

2014/11/10

RISC-KIT 3rd General Assembly Meeting in Bologna, Italy
